One possible version:

Dear Jim,

How's everything?

I'm writing to invite you to give us a talk on English listening and speaking. Many of my classmates have been working hard on listening and speaking recently, but we still face some difficulties. For example, we often miss the main point and can't respond properly while communicating in English. Would you please give us some guidance on how to grasp the key information and communicate effectively?

The talk will be about an hour, and you can decide on a date at your convenience. It would be great if we could have a 15-minute question and answer session at the end of your talk.

Looking forward to your reply.

Yours,

Li Hua
